# Qiskit | Fall Fest

Congrats and welcome to the Fall Fest!!

We are thrilled that you've decided to host a Fall Fest hackathon on your campus next month. Our team at IBM Quantum is committed to helping you prepare and make any decisions needed for a successful event. Thanks to all of you, we'll be hosting Fall Fest hackathons in Germany, France, USA, India, Mexico, Turkey, Colombia, Nigeria, and Spain.

Please see the timeline of the next two weeks below, and what you should expect. All sessions will be recorded and shared within the Discord channel that you will be invited to, so make sure to join that once it goes live!

Sep 23	Receive your confirmation email (this!)
Sep 23	Receive the University Hackathon Guide
Sep 24	Begin filling out the Fall Fest Worksheet
Sep 29	You will be invited to the **Discord** Channel
Sep 29	Empowerment Workshop – 3pm EDT
Sep 30	Onboarding call with Hype platform – 12pm EDT
Oct 5	Empowerment Workshop – 6pm EDT
Oct 7	Open working session with Brian – 9am EDT

We've spread out the times of each session because we have a truly global cohort of hosts. Once again, if you can't make a session live, that's totally ok. You can re-watch them on your own time or reach out to me and ask for help or guidance directly.

Please keep an eye on your email for resources, and for the invite to the Discord where all future resources will be shared.

Thanks again, this is going to be totally rad!
